

On My Mind: Burnell Curtis, President

I would also like to remind you that the final events of the year are the dinner cruise on Clear Lake and the December Drivers Education event. Both are almost sold out so we are finishing the year on a good note. Come on out in 2008 and make it a good year also.

I have nothing technical to report this month.

See you at an event.

Burnell

Since I wrote the article for the November Naut, we have had two concours, and I would like to tell you about some interesting aspects of both. The concours held at Hack Winery in Santa Fe on October 4th was rained out – well, not exactly- rained on is probably more correct. When I was preparing to go it was pouring down rain. I decided not to go and then got a call from Sylvia. She said there were about fifteen cars there in the rain and they were going to have it anyway. I went without my car just to see what was going on. Sure enough, there were fifteen to twenty car nuts there. I helped judge and it was the first time that I have judged in the rain. Anyway, we had a good time despite the weather. As the cars were being prepared, I overheard the following comment from the girlfriend of a member, “I hope you realize how much I love you because I am in the rain cleaning your car.” I shall not reveal the names of the guilty or innocent.

The second concours was held on November 4th and it was a smashing success. There were 45 cars registered and probably more that were there but not registered. The weather was perfect, the location was Market Square in the Woodlands, and we had a great time. Even if you do not want to show your car, you should come on out, look at the beautiful cars, and enjoy lunch with us. By the way, there were three GT2s, a GT3, turbos, a late model speedster, three 356s, and many more to feast your eyes on.

All of you with good email addresses got a message from me that the concours committee needed some volunteers. I am happy to report that the response was great. Sylvia had judges, people to park cars, and more. Thanks to all of you who responded. It made the event move more smoothly and Sylvia was all smiles.
