

## **On My Mind: Lynn Friedman, Presi- dent Lone Star Region PCA**

**T**he combined efforts of Lone Star and Hill Country Regions made for another memorable Texas Two-Step Club Race Weekend. In addition to exciting races, there was also a DE for solo drivers. Even Mother Nature's contribution of cold, wind and rain could not keep away the Meet-Drive-Eat Tour group from Houston and the 'Show and Shine' Concours participants from venturing the track and watching the races. We are all looking forward an even bigger and better event next year.

I took the opportunity at the Club Race to be a worker at a Corner Station. It was a great experience and I learned more than I ever imagined. If you have never worked a Corner Station, and want to improve your track experience and driving skills at your next DE, this is a must. For more information, go to the LSR website: [http://www.lsrpca.com/de\\_corner\\_workers.htm](http://www.lsrpca.com/de_corner_workers.htm)

Our Performance Driving School was again a sold out event. It was great to see so many new faces, and especially young drivers. The Wet Skid Patch and Wet Pitch and Catch were especially popular. Participants had the opportunity to hone their skills the following day at a Practice Autocross.

Mark your calendar for May 16 as LSR takes a day tour and casual "Show and Shine" to Camp For All. Camp Can-Do, for people with Multiple Sclerosis, will be taking place at Camp For All when we make our visit. We will leave Houston and drive some beautiful roads, such as Scenic 390, designated the first Scenic Highway in Texas. After lunch at the camp, there will be a "Show and Shine," and the campers will be active participants in the judging. Camp For All is a unique camping facility located in Burton, Texas. The camp is fully accessible and its mission is to provide camping and retreat facilities for adults and children with disabilities and special needs.

Be sure to check the website and read the monthly email 'LSRPCA eNews and Look Ahead' for the most up-to date information on events

And back in May 1980, from the Lone Star Region Scrapbook.....

The Lone Star Region was busier than ever with the "The Big Indy Weekend". This multi-region three-day event was held at The Woodlands. Festivities included a Rally, Concours, and Autocross and of course, watching the races on a big screen TV. The Rally was reported as a 'truly fearless event.' Although everyone did finish eventually, only three cars actually made all the checkpoints. The "Celebrity Autocross" was of particular interest as entrants were familiar Houston radio and television personalities. Amanda Arnold, of KHOU-TV was very popular and voted "'most watchable' by the guys on the sidelines". Ahhh the eighties!

Se you next time,  
Lynn
